

COALA BACKLIT PAPER MATT

MATERIAL DESCRIPTION

One side coated paper developed for backlighting and light advertising, but also covering a broad range of standard poster applications.

Coala Backlit Paper Matt has excellent printability, machinability, good transparency and stiffness during printing and installation. Coala Backlit Paper Matt is developed for Latex and UV inkjet printing. It can also be printed with limitations on some Eco-solvent printers using adequate ICC profiles (available on our web site). Coala Backlit Paper Matt is available in 135g/m², 150g/m² and 200 g/m².

200
g/m²

PHYSICAL PROPERTIES

- Finish: matt
- Whiteness CIE: 101,5
- Weight 135g > Thickness 134μ
- Weight 150g > Thickness 155μ
- Weight 200g > Thickness 212μ

APPLICATIONS

- Indoor posters
- City light posters
- POS signage

DURABILITY

- Wet strength
- Good scratch resistance

SHELF LIFE STORAGE AND CONDITIONS

• 1 year under normal conditions (+15° to +35°C at a relative humidity between 30% and 75%. Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.
