

COALA TEXTILE FRONTLIT KNITTED

MATERIAL DESCRIPTION

Coala Textile Frontlit Knitted is a 100% polyester warp-knitted fabric. Its special tight structure gives it a high opacity, even at a much lighter weight compared with other display textile fabric. Truly wrinkle free, it can recover quickly after foldings, making it easy for transportation. It offers a soft, smooth, good textile hand feel. It can be coated with dye-sub direct and dye-sub transfer printings. It offers also a good printing image with latex inks.

PRINTER & INK COMPATIBILITY

WEIGHT

210
g/m²

FEATURES

- Yarn Dtex: 83x55x55 dtex / 75x50x50 denier
- Weave method: Warp-knitted 3 bar
- White point: ≥ 133
- Shrinkage: $\leq 2\%$ (190°C, 1min)
- Obscuring ratio: 58%
- Flame resistance: B1
- Recommended fixation temperature: 190°C-210°C, 1-2min
- Transfer temperature: 190°C-210°C, 1-2min
- Yellowing temperature: 230°C

APPLICATIONS

- Banner
- Display
- Framing system
