

## COALA WALLDESIGN NW S

### Product Information

150g non woven fleece Coated for Solvent, Eco-Solvent, Latex and UV printing.  
PVC and plasticizer free wallpaper for environments demanding green and safe products  
Coala WallDesign NW S is a PVC-free light weight wallcovering solution for printers using Latex, (eco)-Solvent and UV curing inks with a non-woven/textile base.  
This paper is a good economical solution for situations where a strong, light and easy to use material is required for short – medium term applications.

Matte surface finish  
Solvent, Eco-solvent, Latex and UV-cure ink compatible  
Good imaging quality  
Stable and strong base  
Paste the wall mounting  
Strong base, easy to remove in one piece  
PVC Free
